- 🌐 www.akhileshmahesh.com

I'm a designer who excels in strategic thinking and creative problem-solving. You can often find me creating illustrations on Instagram and taking workshops in colleges.

Experience.

Module lead UI/UX designer – Aspire Systems

Apr 2024 - Present

- Directed end-to-end UX strategy and user research for a logistics platform, refining user flows and complex data dashboards to improve usability and cut task completion time by 25%.
- Led the architecture of a comprehensive design language system, ensuring visual consistency and accessibility compliance, driving 90% developer adoption and reducing implementation cycles by 40%.

Product designer – Mykademy by Olive Group

Feb 2021 - Jan 2024

- Led end-to-end product design initiatives and iterative prototyping, driving feature adoption that resulted in a 30% increase in user interaction and engagement.
- Revamped the user onboarding funnel by diagnosing usability friction through heatmaps and behavioral analytics, delivering a 12% improvement in signup to paid conversion rates.
- Collaborated cross-functionally with product and engineering to define MVP scope and technical feasibility, ensuring human centered solutions were delivered on time and within budget.

UI/UX designer – WowMakers

Jul 2020 - Feb 2021

- Developed iterative wireframes, interactive prototypes, and pixel perfect high fidelity mockups for cross-platform web and mobile applications.
- Applied responsive frameworks and adaptive layouts to ensure visual consistency and seamless usability across all viewports.

UI/UX designer – Performatix

Aug 2018 - Jun 2020

- Collaborated with senior designers to execute high fidelity interfaces and pixel perfect assets, ensuring strict adherence to brand identity systems.
- Contributed to the creation of aesthetically cohesive designs, applying color theory and typography principles to align with corporate design languages.
